from your own scholarship fund
Wrocław University of Science and
Technology for doctoral students**

**DOCTORAL STUDENT'S APPLICATION
REGARDING SCIENTIFIC SCHOLARSHIP
FROM YOUR OWN FUND FOR SCHOLARSHIPS AT WROCŁAW UNIVERSITY OF SCIENCE AND
TECHNOLOGY
in the academic year 20... /20...**

I. Doctoral student data:

1. Name, Surname
2. E-mail:
3. Album number:
4. Date of commencement of education at the doctoral school:
5. Discipline of education:.....
6. Faculty:
7. Year of education (1, 2, 3, 4 or 1 year of extension) / year of study:
8. Supervisor(s) / Assistant supervisors
9. Topic of doctoral dissertation:

II. Presentation of activity and creative research, implementation or artistic achievements directly related to the preparation of the doctoral dissertation, obtained during the last two semesters preceding or one semester preceding (in the case specified in the Rules) the scholarship application.

1. List of Publications - articles published in scientific journals or peer-reviewed proceedings of international conferences, scientific monographs, edited volumes, and chapters in scientific monographs, registered in the DONA database by the Wrocław University of Science and Technology Library, in the following format: names of all authors, title of the work, source (title of the journal or book in which the work was published), year of publication, volume, issue, page numbers, place of publication and name of the publisher (in the case of books – monographs, chapters, edited volumes, or conference proceedings), along with the ISSN or ISBN number, and current point score according to the valid lists issued by the minister responsible for higher education, date of registration in the DONA database (day, month, and year), and the publication's identifier number "DONA ID". The list includes only those publications that were registered in the DONA database no later than the last day of the semester preceding the submission of the application. The list must be attached as an appendix confirmed by the Wrocław University of Science and Technology Library. The doctoral student may present no more than 3 publications.
2. List of patents for inventions and protection rights for utility models *directly related to the preparation of a doctoral dissertation at Wrocław University of Science and Technology*, in the following format: title, names of all authors, date (month and year) of granting, in accordance with the applicable regulation of

the minister responsible for higher education and science in on the evaluation of the quality of scientific activity. The doctoral student may present no more than 3 patents or protection rights.

3. List of ongoing research, construction or architectural projects, including projects that are design, construction, technological, implementation or artistic work, *in which the doctoral student's participation is related to the preparation of the doctoral dissertation*, in the format: symbol, type of grant, title, role of the applicant, financing institutions, gross amount, implementation period.
4. A list of conference presentations in the following format: type of presentation (e.g., plenary lecture, oral communication, poster), title, names of all co-authors with the presenter indicated in capital letters, name of the conference/symposium/event, link to the conference website, scope (national, international), venue, date of presentation (day, month and year) and language of presentation. ONLY presentations for which the applicant was the main presenter may be submitted.
5. Scientific cooperation with academic or scientific or social and economic centers in Poland and abroad *related to the preparation of a doctoral dissertation*, in the format: name of the center (city and country), period and result of cooperation (study visits, joint publications, patents, etc.). Note: long-term cooperation with a given center is always one cooperation, despite the fact that, for example, several publications have been written. Cooperation with the entire team is one cooperation, it must not be split into separate cooperation with, for example, several members of one team. In the case of a study visit, its length in days should be provided.
6. A list of academic scholarships awarded by the institutions appointed for this purpose, with the date (month and year) and the amount, excluding the following scholarships awarded by the Wrocław University of Technology: an academic scholarship from the own fund for scholarships of the Wrocław University of Technology, a doctoral scholarship of an increased amount, an academic scholarship in a scientific project carried out at the Wrocław University of Science and Technology, a doctoral scholarship in a scientific project carried out at the Wrocław University of Science and Technology.
7. List of domestic and foreign awards and prizes with date (month and year) and gross amount, excluding the following awards and prizes granted by PWr: award of the Rector of Wrocław University of Science and Technology, award from the internal program of Wrocław University of Science and Technology (e.g. Primus, Secundus, Quintus).
8. List and number of citations (excluding self-citations) based on the Web of Science Core Collection database with the date of citation (in the format [cited article] - [citing article] - [publication date of the citing article]). Only citations to articles that were developed during the doctoral student's education at the Doctoral School of Wrocław University of Science and Technology should be provided (the date of registration in the DONA database is decisive). The list for the period of the previous academic year should be attached as an attachment confirmed by the Library of the Wrocław University of Science and Technology.
9. List of SPR series reports registered in the DONA database by the Library of the Wrocław University of Science and Technology in the format: title, names of all authors, date (month and year). The list shall include only those reports documented in the DONA database that were registered in the DONA database no later than the last day of the academic year preceding the application. The doctoral student may present no more than 5 SPR reports.
