

# Report of the achievements obtained during education at the Doctoral School of Wrocław University of Science and Technology

## 1. Basic data

Name, surname:	
Discipline of education:	
Faculty:	
Department:	
Date of commencement of education at the doctoral school:	
Supervisor/supervisors:	
Assistant supervisor:	

## 2. List of scientific achievements

### 2.1. Publications

*Scientific articles in journals and peer-reviewed conference proceedings published during the period of education at the Doctoral School. Full bibliographic description required (authors, title of article, name of journal or conference, year, DOI number).*

### 2.2. Scientific monographs and chapters in monographs

*Scientific monographs and chapters in monographs published during the period of education at the Doctoral School. Full bibliographic description required (authors, title, publisher, year, DOI number).*

### 2.3. Manuscripts submitted for publication

*Manuscripts submitted to scientific journals or peer-reviewed conferences during the period of education at the Doctoral School. Required bibliographic description (authors, title of article, name of journal or conference).*

### 2.4. Patents and patent applications

*List of patents obtained during the period of education at the Doctoral School and patent applications registered during the period of education at the Doctoral School. Required description (authors, patent title, patent number, year).*

## 2.5. Reports

*Scientific reports produced during the period of education at the Doctoral School (e.g., research projects or commissioned work for industry). Full bibliographic description required (authors, report title, year).*

## 2.6. Conference presentations

*List of conference presentations (including posters) that were given during the period of education at the Doctoral School. Required description (title, conference name, conference dates, conference venue).*

## 2.7. Other research work

*Other research work and other achievements that are not included in the fields above.*

## 3. Grants (written or obtained)

*Provide a list of grant (research projects) applications written during the period of education at the Doctoral School. The list should include: title, grant type (e.g., Preludium), grant funding institution (e.g., NCN), budget, year of sending. Grants that have received funding should be marked with the information 'accepted'.*

## 4. Participation in implementation of grants

*Provide a list of grants (research projects) in which you participated in the period covered by the report, including the description of the grant: title, grant type (e.g., Opus), grant funding institution (e.g., NCN), budget, grant manager.*

## 5. Domestic and foreign scientific internships

*Provide a list of domestic and foreign scientific internships carried out in the period covered by the report. The list should include: the name of the institution where the internship took place, the place of the internship (including the country), dates of the internship, the internship supervisor, scope/topic of the internship, etc.*

## 6. Awards and distinctions

*Provide a list of awards and distinctions received in the period covered by the report. The list should include: the name of the award/distinction, the name of the awarding institution and the year of the award/distinction.*

## 7. Participation in the life of the scientific community in Poland and abroad

*Describe how you participated in the life of the scientific community in Poland and abroad during the period of education at the Doctoral School (e.g., participation in additional scientific seminars, reviewing scientific papers, participation in the organization of conferences, membership in professional associations organizations (e.g., IEEE)).*

## 8. International scientific cooperation

*Describe the international scientific cooperation carried out during the period of education at the Doctoral School. The following should be provided: name of the university/centre, names of scientists in which the cooperation is carried out, description of the cooperation, results obtained (e.g. joint publications, submitted grant application).*

## 9. The planned place of defense of the doctoral dissertation

*Provide the name of university where the doctoral dissertation is planned to be defended.*

## 10. Career plans after Doctoral School

*Describe your professional plans after completing education at the Doctoral School, e.g., whether you plan: to work at the university, make a postdoc, work in a company/company/institution, start your own company, etc.*

## 11. Supervisor's opinion on the report

**ACCEPTANCE, confirmation of the compliance of the data provided in the self-report by the supervisor (in electronic form).**

## 12. Signature of doctoral student

.....

Date

.....

Signature of doctoral student
